## SUMMARY

Skilled SQL Scripter and Software Engineer with expertise in Sybase, SQL Server, and database management. Proven ability to design and optimize data solutions, collaborate cross-functionally, and deliver technical support. Experienced in customer service, financial operations, and project management. Currently contributing to the development and implementation of dHRIS V2 software, driving efficiency and enhancing business outcomes.

## WORK EXPERIENCE

**Quality Assurace/Product Manager, Lumewn (Startup)** **Feb 2026 - Present**

- Oversaw product testing and quality assurance, created test cases, tracked bugs, and collaborated with developers to ensure smooth releases and improved user experience.

**Software Engineer, Delsan Office system Corporation** **March 2024 - Jan 2026**

- Assisted with the implementation of dHRIS V2 software and supported sales efforts. Addressed customer queries, resolved technical issues, and identified market opportunities. Collaborated with developers, reported project updates, and maintained project documentation.

**Bank Teller, Eastwest Corporation** **June 2023 - Dec 2023**

- Processed financial transactions accurately, provided customer service, and promoted bank products. Served as the main point of contact for customers and collaborated with team members for efficient operations.

**SQL Scripter, Prime technology** **March 2023 - May 2023**

- Maintained SQL scripts for data manipulation, with expertise in Sybase and SQL Server. Skilled in writing stored procedures and collaborating with teams to develop efficient data solutions.

**SEO Specialist** **October 2022 - January 2023**

- Conduct keyword research to identify high-traffic terms for Study.com, map them to existing pages, and audit for SEO optimization. This includes crafting keyword-rich title tags and assigning topic keywords to boost search visibility.

## EDUCATION

**Bachelor of Degree in Computer Engineering** **Jan 2018 - July 2022**
Universidad De Manila

**Information Computer Technology** **Jan 2016 - Dec 2018**
Arellano University
